## Allies Blast German Convoy, Airfield And Rommel's Dug-In Position In Africa

### High Dribblers Nosed Out 24-21 In Last Minutes

### Maroons Lead Veteran Hazleton Quintet In "Dog-fight" Battle More Than Three-quarters Of Game; Outsmart Tricky Opponents Most Of Battle

A stubborn, determined, hard-fighting Gettysburg high school basketball team, outmatched in experience, but never excelled for pluck and courage, fought valiantly but in vain against the power-house men of Hazleton high Tuesday night and for their third consecutive year lost an inter-district cage battle. The final tally was 24 for Hazleton, 21 for Gettysburg. But in their defeat, by one of the narrowest margins Hazleton has won by this year, the Men of Gettysburg carved out new laurels for the basketball standard of historic Gettysburg high.

### Gain New Laurels

Before a jam-packed audience, conservatively estimated at 3,800 fans in Rockne Hall, at Allentown, the Forney-coached tribe of dribblers rose to new heights and won the major plaudits of an enthusiastic and wildly-screaming aggregation of fans and fannettes from all over the state. There was a large delegation of G-burg rooters that packed Rockne hall and to the man they are shouting the praises of a glorious band of youthful warriors who fought against odds to keep their PIAA colors untarnished.

There are no alibis today for the Men of G-burg. There are no bowed heads. The gallant crew who defended the maroon and white colors demonstrated to the thrill-crazed fans and especially to their foe that Gettysburg always goes down fighting, whatever the odds and whatsoever the result may be.

From the opening whistle to midway in the final period the "Little Bullets" clung desperately to the lead. They forged to the front at the start, matched the experienced skill of their highly-favored opponents who resorted to every trick in their massive bagful, only to go down, with their colors flying, in the final minutes of play.

It was a dog-fight the whole way. Hazleton trailed from the opening gun to the middle of the fourth period. They had been top-favorites of practically every cage follower and high ranking dopesters had picked them to win easily. It was anything but easy.

In the closing minutes of the final session, DeGatis looped a follow-up shot to place Hazleton in the lead for the first time 21-20. Chirico zoomed a one-hander to seal the fate of the Maroons. McGlaughlin and Moran registered foul shots and that was the ball game.

There is more glory and color for the Maroons in defeat than there is for Hazleton in victory.

**Overflow Crowd**  
Rockne Hall, the home court of Allentown Central Catholic high, has the largest seating capacity of any schoolboy gymnasium in the state and it was jammed to overflowing. The crowd was estimated at approximately 3,800.

Tuesday's setback marked the third straight year that the Maroons have gone into the PIAA district playoffs but on each occasion they dropped their first tilt. However, the Forney-men put up a far better exhibition against the Mountaineers than they did against Mahanoy City and Lower Merion in 1941 and 1942, respectively.

Stalwarts for the Maroons were Bud Boehner and Bobby March who tallied 16 points between them. Boehner was forced out of the game in the last quarter on fouls and his absence for a while in the third period after having drawn his third foul, was sorely felt.

**Boehner, March Star**  
The lanky Maroon center led the scoring for the evening and was a power on defense. March thrilled the crowd with three beautiful floor shots and played a brilliant floor game.

Ross Sachs was pitted against Captain Hunky Moran, one of the cleverest hand handlers in the state, and the pair put up a thrilling battle. Sachs failed to break into the scoring but was his usual cool self in setting up the Maroons' attack.

Don Wickerham was a steady performer throughout and landed a pair of pretty tosses in the last period to enable the locals to lead at the end of the quarter. George Pair played a grand game (Please Turn to Page 3)

### Business Lagging At Dog License Bureau

Adams County Treasurer John W. Brehm isn't sure whether people of the county are getting rid of their dogs or whether they are forgetful about purchasing dog licenses. In checking up on the number of licenses issued up to today the county treasurer discovered that only 2,280 canines have been licensed. Last year by the end of January more than 2,500 of the county's dog population was proudly bearing tags. More than 4,000 dogs were licensed last year. The new tags were required after January 15.

### 50 COEDS TO BE MOVED TO JAMES GETTYS

Fifty Gettysburg college coeds will be evacuated from Huber Hall, Woman's division building on the campus, to the James Gettys hotel and eleven will be transferred to Stevens hall, adjacent to Huber hall.

Transfer of the coeds to quarters off the campus is being done to take care of the next contingent of Army Air Corps students expected here about April 1st. More than 250 are expected to comprise the next group of students to be assigned to the Aircrew Training Detachment here.

Coeds moving to the James Gettys will occupy the third floor, part of the second and several additional larger rooms which will accommodate as many as four girls.

**Hours Unchanged**  
The eleven girls who will move into Stevens hall will be "billeted" with other coeds now residing in that dormitory.

The coeds will have their choice of rooms at the James Gettys based in accordance with the amount each is now paying for a room in Huber hall or in the traditional manner of seniority rights.

The same rules that applied at Huber hall will apply at the hotel. The girls will adhere to the same hours and the lobby may be used for "dates." Room service will be available. It was announced at the college.

The transfer will be completed by March 25.

Coeds will continue to board at fraternity houses.

### Engagement Of Local Couple Is Announced

Major and Mrs. J. R. Whitaker, Keckler's hill, have announced the engagement of their daughter, Margaret, to James L. Hafer, son of the late Mr. and Mrs. W. Laverne Hafer, Carlisle street.

The announcement was made at a buffet supper Sunday evening at "Rainworth Lodge," the Whitaker home along the Biglerville road. The betrothal was revealed by the reading of a poem, composed by Miss Margaret Trew, which was attached to the stem of one of the roses which were given to each guest.

**Supper Guests**  
Guests at the supper included: Mrs. Frederick W. Hamilton, Mrs. Richard Dreas, Mrs. James D. Fries, Miss Margaret Trew, Miss Mary Jane Trew, Miss Mabel Null, Mr. and Mrs. Laurence Parish, Miss Virginia Parish, Phillip R. Bickle, Mrs. Ada Tate Givler.

Miss Whitaker, formerly of Ithaca, New York, attended New Oxford and Gettysburg high schools, and is a graduate of the latter with the class of 1942. She attended Gettysburg college this year.

**Wed in Spring**  
Hafer is a graduate of Gettysburg high school in the class of 1940. He is, at present, a junior in Gettysburg college where he is a member of the Sigma Chi fraternity. He is editor-in-chief of "The Gettysburgian," weekly college newspaper, associate editor of the college yearbook, and a member of Pi Delta Epsilon, national honorary journalism fraternity.

The date of the wedding, which will take place in the early spring, has not been announced.

### Jews Strip Synagogues To Pay Ransom To Germans For 4 Rabbis On Djerba Island

**By DON WHITEHEAD**  
On the Island of Djerba, March 14 (Delayed) (AP)—The gods of war almost forgot this island of golden sands off the North African coast—almost, but not quite. Twenty-five miles away guns are booming. But over Djerba island a sense of peace and security rests like a protective cloak. In a world gone mad it is a place of quiet serenity where life once again is sane and almost normal. One would never believe that such a spot could exist along the ravaged African coast within earshot of the guns. But here it is—an island of golden sands lying green and beautiful in the Gulf of Gabes. Friendly People French, Arabs and Djerbans strolled through the streets and market places as people at home in America stroll on the quiet afternoon we spent there. Children played in the main square. The people were friendly and crowds gathered to shake our hands whenever we stopped. They seemed jubilant over the arrival of the British and the departure of the Germans and Italians. And many of the island's 6,500 people had reason to be glad. Four weeks ago the Germans were here looting. Before they left they seized four rabbis as hostages and demanded that the Jews give them 100 pounds in gold as ransom money or the rabbis would be shot. At noon the Jews had only 80 pounds in gold. Women had given rings, bracelets and little treasures. Men had parted with watches, chains and rings. But still they were 20 pounds short.

**Strip Synagogues**  
So they went into the synagogues and stripped them of gold plate and precious ornaments, and the rabbis lives were saved. This story was told us many times on our tour of the island and its picturesque villages. "Will the Germans return?" many asked fearfully. We assured them the Germans would not return to Djerba. And they cheered and clapped hands.

### LOCAL WOMEN ATTEND MEET ON BOND DRIVE NOTED PIANIST TO APPEAR HERE FRIDAY EVENING

Methods of meeting the quota set by the War Finance Committee for April were discussed Monday at a meeting of the Women's Division of the 16 south central counties of the Gettysburg War Bond district held at Harrisburg.

Mrs. A. Harrison Barr, chairman of the women's division in Adams county, Mrs. Joseph Codori, chairman of the "Buy a Submarine" committee of the Women's Auxiliary of the local American Legion post and Miss Katherine Alwine, New Oxford chairman, represented Adams county at the session.

Mrs. James K. Loewen, associate state chairman, presided. Mrs. Edward Martin, "first lady" of Pennsylvania, was presented with an engraved card of recognition and a gift for her work in the War Bond drive.

**5-Point Program**  
A five-point program was outlined. Methods of securing the cooperation of organizations and churches were outlined by Mrs. Rita McCoy, chairman of the Milfill county committee. Mrs. Francis P. Tarnapowicz, chairman of national unity groups, reported on the work of booths at various places similar to the one established by local women at the Majestic Theater.

C. W. Carey, assistant deputy state administrator, outlined methods being employed in securing the aid of school children in the bond and stamp sale while Thomas B. Schmidt, chairman of the Dauphin county committee, spoke on the payroll savings plan. Miss Marie Yanofsky, of the Department of Commerce, told of methods used to publicize bond drives.

Mrs. Barr was one of 16 speakers at an open discussion held on the subject, "My County Can and Will Meet This Challenge."

### Here And There News Collected At Random

A young private in the United States Army won the coveted Logan medal and \$500 prize in the 47th annual exhibit at the Chicago Art Institute for his sculpturing of Lincoln. But not only the sculptor's name, Sidney Loeb, figured in the story of the award. . . . Gettysburg, Lincoln and Scott, an old Adams county name, also are involved. Here's how Newsweek reported it:

As a civilian last spring, Loeb found it "difficult" at times to work on nudes with war news popping all over the place. So for the need of comfort and solace—if for no other reason—Abraham Lincoln became at first a refuge, then a statement, then a success story.

The county committee to handle the new campaign has been designated as the U.S. Treasury War Finance committee the personnel of which will be announced in a few days by Mr. Thomas.

### Last Rites Held For G. W. Koontz

Funeral services for George W. Koontz, Gardner R. 2, who died last Friday evening, were held Tuesday afternoon at 1:30 o'clock from the Routsong-Dugan funeral home in Benderville with further services in the Idaville Evangelical church. The Rev. R. L. Landy, pastor, officiated. The pallbearers were Charles Haskell, Park Gardner, Percy Gardner, Bruno Group, Wilbur Herman and Watson Sadler.

### RED CROSS WAR FUND TOTAL IS NOW \$7,393.79

Contributions by business places and churches led the way today in bringing the total of the Adams County Red Cross War fund to \$7,393.79. Included among the leading donations were \$50 from the Hotel Gettysburg and \$50 from Mr. and Mrs. Henry M. Scharf and daughter, Elise K. Scharf.

The First National bank donated \$25 while the Cannon Shoe company turned in \$197.31. The Middleburg Manufacturing company, near McSherrystown, gave \$71.64. The Gettysburg Church of the Brethren gave \$12.78, the Marsh Creek Church of the Brethren gave \$12 and the Sunday school of the Friends Grove Church of the Brethren and the church gave \$9.65.

**Other Donations**  
Other donations included Mr. and Mrs. M. D. DeTar, \$25; B. A. Donmoyer, \$25; Knights of Columbus of McSherrystown, \$25; Memorial United Brethren Sunday school, \$20.00; BVM Sodality of St. Mary's church, McSherrystown, \$15; Arch-confraternity of the Passion of St. Mary's church, McSherrystown, \$15; Mr. and Mrs. Lester O. Johnson, \$15; Mr. and Mrs. John Slentz, \$10; J. Elmer Musselman, \$10; Haines Shoe store, \$10; Lt. and Mrs. H. V. Girard, \$10.

Members of St. Francis Xavier Catholic and St. James Lutheran churches were acting as volunteer cashiers at the P. and T. Lunch today with the proprietors of the restaurant, Christ Fourlas and George Lazos giving all of the revenue derived from 10 a. m. to 10 p. m. to the Red Cross. Mrs. J. Walter Coleman and Mrs. Arthur Phiel were in charge of the corps of cashiers which served two hour periods throughout the day under the direction of the Canteen committee of the Red Cross headed by Mrs. Rasmus S. Saby.

### LAST RITES FOR C. A. WILLIAMS

Final tribute was paid this afternoon to the memory of the late Charles A. Williams, for nine years Postmaster at the local office, who died suddenly at his home early Monday morning.

Funeral services were conducted this afternoon at 2 o'clock at the Bender funeral home with the Rev. Austin A. Kelly, Oak Ridge, a friend of the deceased, officiating.

Post office employees, community and political friends of the two major parties, neighbors and casual acquaintances attended the rites.

The local post office closed from 1:45 to 3:15 o'clock this afternoon to enable employees to attend the services.

**Military Honors**  
Military honors were paid the deceased at the grave in the National cemetery by a delegation from the United Spanish War Veterans camp here.

Active pallbearers were George P. Black, Jesse E. Snyder, William H. Pensyl, Calvin D. Gilbert, Charles B. Dougherty and Roy P. Funkhouser.

The honorary pallbearers were W. Preston Hull, Charles H. Bowers, Harmon H. Spence, David A. Tawney, Arthur W. Worman, James Howe, Luther E. McDonnell, Wilbur A. Gelselman, Harmon Routsong, Walter Johns, Clare Routsong, Charles Heitzel, Walter Swisher, Norman W. Storrick, Neil Brumbaugh, George Bushman, Richard Fox, William Swisher, Samuel Knox and John Ray.

### Pacific Convoy Disappears; Isle Of Kiska Pounded

**By DANIEL DE LUCE**  
Allied Headquarters in North Africa, March 17 (AP)—A mighty Allied air striking force blasted another Axis convoy in the Sicilian Straits, attacked an airfield near Gabes and pounded Marshal Rommel's dug-in positions in the Mareth line, it was announced today.

German artillery opened up on the British Eighth Army deployed before the French-built fortifications in the Medenine sector and Allied patrols were active along the whole southern front, an Allied communique said.

**Attack Airfield, Railway**  
The continued plague of bad weather restricted flying in central and north Tunisia.

Heavy rain beat upon the ancient mountains in the north, but British First army patrols ventured out, inflicting casualties. North of the Gafsa oasis in the central, contact was made with some enemy tanks, but the result was not specified.

Bombers attacked an Axis airfield and the railway near the east coast port of Gabes.

At least three motor barges proceeding from Sicily to Tunisia were hit and left ablaze in the attack on the convoy.

Planes rising from the dry, sandy stretches of the western desert continued the softening up process of Rommel's positions in the Mareth line, the communique said. Fighter bombers and medium bombers, escorted by fighters, carried the aerial assault to the Germans and Italians.

**One Allied Plane Lost**  
In all operations yesterday, the communique said one Allied plane was lost. Two pilots of previously reported lost planes turned up safe and the communique raised the total of enemy aircraft destroyed March 15 by two.

### Russia

**By EDDY GILMORE**  
Moscow, March 17 (AP)—The Red Army has smashed another wedge westward toward the German key base at Smolensk, it was announced in the Soviet noon communique today, with the capture of the railroad station of Igorievskaya and the district center of Vskhody.

To the south, however, the Germans massed a great number of tanks and motorized infantry, supported by a strong force of dive bombers, in a major effort to cross the northern Donets south of fallen Kharkov.

**Furious Fighting**  
Furious fighting was reported through the small elbow of the river near Izyum, 70 miles southeast of Kharkov.

It was stated here that there was reason to assume that the German tank force battering at the northern Donets line was as strong as, if not stronger than, the units which figured prominently in the Kharkov region.

The weather and land conditions were reported good for mechanized warfare and it was indicated that the current struggle was as fierce as anything which has taken place in months.

By taking Igorievskaya, 25 miles north of Durovo on a spur railway branching off from the main Smolensk-Vyazma line, the Russians added another town to their triumphant march west of the Dnieper river.

Durovo is midway between Vyazma and Smolensk on the main rail line. The Soviet Army apparently has a considerable force west of the Dnieper.

### Kiska

Washington, March 17 (AP)—The heaviest series of air attacks ever made on Japanese-held Kiska Island in a single day was carried out Monday, the Navy announced today, when American planes raided the Aleutians base six times between dawn and dusk.

In the south Pacific, meanwhile, light naval surface forces bombarded Japanese positions at Vila in the Munda airbase area of the central Solomon Islands. This was the third time that American warships have penetrated into the enemy sector of the Solomons to bomb shore positions at or near Munda.

### Australia

Allied Headquarters in Australia, March 17 (AP)—Allied planes struck widely at enemy sea transport and bases yesterday in the developing battle of the island fringes around Australia where the Japanese are reported concentrating troops.

General MacArthur's airmen seeking to finish off a three-ship Japanese troop convoy which was attacked the previous day while headed for Dobo, in the Aroe Islands 500 miles north of Darwin, reported, however, they could find no trace of the vessels in a search of the west coast of the Aroes and the south coast of New Guinea.

"We don't know where the convoy went, but it didn't reach Dobo," a headquarters spokesman said.

Two of the ships in the convoy previously had been reported heavily damaged by direct bomb hits and severe casualties were said to have been inflicted on enemy troops crowding the decks.

Allied headquarters made no claim that the vessels had been sunk, and the failure of reconnaissance planes to find any debris yesterday gave no evidence to support such a claim.

# SENATE NEARS FINAL VOTE ON FARM WORKERS

Washington, March 17 (AP)—After five days of debate, the Senate headed toward a final vote today on the Bankhead bill to stop the drafting of farm workers into the armed forces.

Under a unanimous consent agreement reached yesterday, all amendments and substitutes are to be voted on starting at 2:30 p. m., EWT, with a final roll call expected soon afterward.

The more than 40 signed sponsors of the measure, offered several weeks ago by Senator Bankhead (D-Ala.) to relieve what was termed a serious farm labor shortage, predicted it would pass easily despite opposition protests of "class legislation."

**Substitute Measure**  
The measure provides for virtual blanket deferment of all farm workers, the only limiting factor being a wide discretion given to the secretary of Agriculture that they must be engaged in production of "essential" commodities.

Before voting on the bill itself, the Senate was confronted with a substitute proposed by Senator Pepper (D-Fla.) to establish a program for maximum mobilization of manpower for the military forces and for military and essential civilian production.

The substitute would authorize a \$200,000,000 appropriation to be used by the War Manpower Commission in recruiting a mobile national emergency workers corps and an additional \$100,000,000 to provide equipment, transportation, housing medical facilities, and training to workers being placed in or transferred to war or essential civilian activity.

# Senate Opens Water Purchase "Probe" Today

Harrisburg, March 17 (AP)—Senator Clarence D. Becker (R-Lebanon) was elected chairman today of a Senate committee investigating purchases of water companies by county and municipal authorities.

The six-man committee was directed to determine if such purchases were in the public interest and to study possible repeal or amendment of the 1935 act which permitted creation of authorities.

"We've already started our inquiry," said Senator John H. Dent (D-Westmoreland), author of the resolution which created the committee. "We'll hold weekly or semi-weekly meetings, starting next Tuesday."

In addition to Dent, other committee members are Senators Paul M. Crider (R-Franklin), John G. Snowden (R-Lycoming), John F. Cox (D-Allegheny) and G. Harold Watkins (R-Schuylkill).

Gettysburg borough council at a special meeting on Monday evening rejected formally an offer to buy the Gettysburg Water Company from John H. Ware, Jr., Philadelphia, under a 40-year managerial plan. That type of plan for acquiring municipal ownership is the subject of the state Senate probe.

Burgess Pfeffer told councilmen Monday the state investigation would be launched soon.

# NOTED PIANIST

(Continued From Page 1)  
Chamber Opera Society. The second number on the program will be Ludwig Van Beethoven's "Sonata in F Sharp, Opus 78."

The second part of the concert will be five compositions by Chopin including the "Ballade in A Flat, Opus 47," "Two Etudes," "Fantaisie-Improvvisata," and "Polonaise in A," Opus 40, No. 1. Claude Debussy's "Deux Arabesques" the first in A and the second in G, and the waltz, "La Plus Que Lente."

The final numbers will include "Cortez," by Vianna; "Congada," Francesco Mignone; "Dirge of the North" and "Caprice Antique," by Mr. Balogh, and "Die Fiedlermaus Waltz," by Johann Strauss-Kovacs, dedicated to Erno Balogh.

# List Volunteers For Station Thursday

# MARTIN AGAINST ANY NEW TAXES

Harrisburg, March 17 (AP)—Governor Martin said today he was opposed to any new taxes to finance a proposed \$25,000,000 cost-of-living salary increase for Pennsylvania's 63,000 school teachers during the next two years.

"I think the Legislature by amending certain laws, cutting certain appropriations and proposed payments to teachers can make the budget balance," the executive told a press conference.

"I'm going to work every possible avenue before suggesting imposing any new tax or retaining the state personal property or mercantile taxes which I recommended be eliminated."

A Republican majority bill pending in the Legislature calls for pay increases for teachers ranging from \$200 to \$600 annually.

# SENATE TO KILL SALARY LIMIT

Washington, March 17 (AP)—Speedy Senate approval was predicted generally today for legislation which would set aside President Roosevelt's executive order limiting salaries to \$25,000 a year after taxes.

A finance subcommittee headed by Senator George (D-Ga.) was authorized by the full committee yesterday to perfect the language of a substitute amendment to the national debt increase bill so that the President could not order individual salaries reduced below the highest point they reached in the period between January 1 and September 15, 1942. The stabilization act already contains a similar provision with respect to wages.

George said the measure would be called up in the Senate Monday.

# Pvt. Chester Stover Returns From Army

Private Chester A. Stover, 39, Hunterstown, Gettysburg R. 4, has been discharged from military duty after seven months of training. He was inducted August 1, 1942, and was stationed at Camp Shelby, Mississippi. He was attached to a coast artillery unit, anti-aircraft.

He expects to return to the employ of the Gettysburg Drain Tile company where he worked before entering the Army.

# Spotters To Meet In Abbottstown

A special meeting of air raid spotters and other interested persons in New Oxford and Abbottstown will be held Thursday evening at 8 o'clock in the parish house at Abbottstown. It was announced today by Lawrence M. Sheads, sub-district chairman for the aircraft warning service.

A sound film concerning the services of volunteer air raid spotters will be shown. Both New Oxford and Abbottstown have spotter stations in operation 24 hours a day.

# To Release Grade 2 Tires To B, C Drivers

Washington, March 17 (AP)—Grade 2 tires will be available April 1 to motorists with gasoline mileage allowances exceeding 240 miles a month—which means most B, C and T card holders.

At the same time, Price Administrator Prentiss M. Brown said late yesterday in making that announcement, a limited number of Grade 1 tires—highest grade casings—will be available for those with allowances of 560 or more miles a month.

Another change added tires that fit a 17-inch rim to the "obsolete" list—those obtainable by anyone eligible for A, B or better book, even though he may only have an A book.

All tires, however, still must be obtained with local ration board certificates.

# No Decision For Unions At Work

Philadelphia, March 17 (AP)—A collective bargaining election yesterday at the York Safe & Lock company failed to give any of the three contesting unions a majority and a runoff election will be held within 20 days, the regional office of the National Labor Relations Board announced today.

The board said 4,938 eligible to vote with these results:

United Steel Workers of America (CIO), 1,809; District 98, International Association of Machinists (AFL), 585; Local 572, International Association of Bridge, Structural and Ornamental Iron Workers, 1,639; no union, 24.

# STABBED TO DEATH

Pittsburgh, March 17 (AP)—Alice Franklin, 42, was found stabbed to death last night on the stairway of her apartment. A razor and a butcher knife, both broken, lay near the body. Police, saying it was a murder case, sought a suspect.

# Upper Communities

Mr. and Mrs. W. T. Best and daughter, Anna, of Wilmington, Delaware, have returned home after spending several days with their son-in-law and daughter, Mr. and Mrs. Curtis Bosserman, Arendtsville.

The Biglerville schools will present an operetta "A Waltz Dream," Thursday evening, March 25.

Mr. and Mrs. George Davis, Collingswood, New Jersey, and son, Robert, Bolling Field, Virginia, have concluded a visit with Mr. and Mrs. Davis' son-in-law and daughter, Mr. and Mrs. Ralph Tyson, Gardners R. D.

Mr. and Mrs. James Blatchford, Altoona, visited friends in upper Adams county recently.

The Howe family will present a musical program during the assembly period at Biglerville high school Thursday.

Corporal Technician Ralph Taylor has returned to Camp Gordon Johnson, Florida, after spending a ten-day furlough with his parents, Mr. and Mrs. Bruce B. Taylor, of Biglerville.

Edmund W. Thomas, Gettysburg, addressed the Upper County Lions club at its regular meeting held Tuesday evening at the Biglerville high school. Mr. Thomas explained the new government program which will be launched in April for the selling of \$13,000,000,000 of War Bonds. Mr. Thomas also outlined the probable effects of the national financial program on the life of the nation.

Lloyd Kuhn, of Bendersville, president, presided at the meeting. The club will meet next on April 6 at the same place.

Mrs. Claude Miller, of Biglerville, is teaching in the Bendersville schools, substituting for Mrs. Carrie Slaybaugh who is a patient at the Warner hospital.

Mr. and Mrs. Ray Taylor, of Harrisburg, visited Mr. Taylor's brother-in-law and sister, Mr. and Mrs. Martin Walter, Biglerville R. D. Monday.

fice' response as eager fans jammed the phone board."

The Times' staff recorded 67 calls the first ten minutes; 362 calls the first hour and 661 calls in two hours. Twenty-one additional calls were recorded from 10 p. m. to 10:30 o'clock.

The Times is grateful for the opportunity to serve Gettysburg. Those who placed the calls used a minimum of time on the phone thus releasing the wire for other interested fans. However, more than 400 calls were not recorded in The Times' office because of "busy lines."

To those telephone operators who so graciously handled the calls; for their patience and their courteous treatment; for the kindly manner in which they accepted and executed their difficult assignment... our sincerest thanks. It was a grand job well done.

# Cardinal Hinsley Dies; Catholic Leader

London, March 17 (AP)—The Most Reverend Arthur Cardinal Hinsley, Archbishop of Westminster and Primate of the Roman Catholic Church in Great Britain, died this morning at his country home at Buntingford, Hertfordshire, after an illness which began Feb. 28 when he suffered a severe heart attack.

Hinsley, who was 78, rose to his high office from a humble beginning as the son of a British carpenter.

He was known as one of Britain's most outspoken religious leaders on economic and political matters and was long one of the country's most vigorous fighters against Fascism and Communism.

# Farmers Urged To Accept Deferment

Harrisburg, March 17 (AP)—Skilled farm workers were urged by Governor Martin today to accept deferment from military service to help with production of food.

"The greatest weapon of war is food," he told a press conference. "It is creditable for young men in farm work to take deferment to work on the farm."

"We realize a lot of them want to get into military service because it's been traditional in their families but I think the boys are doing a patriotic job by working on the farms."

# Rockets To Signal All Clear After Raid

Philadelphia, March 17 (AP)—The glare of rockets in the sky will signal all clear during air raid drills in outlying sections of the city.

Civilian defense officials agreed upon this method of notifying wardens in those areas at the suggestion of Mayor Bernard Samuel. During an actual attack, however, the rockets would not be used because of possible confusion with flares dropped from planes.

a credo: "This is what the war is about."

Loeb volunteered for military service in July and by September, when he was called, he still had not finished the statue.

"In the early part of January, the mail orderly brought a letter containing the Chicago Annual prospectus. . . . It jolted me loose for a moment. . . . I confess I became a bit angry— that Hitler so-and-so made it all so impossible. Then in the evening little Private Loeb sat in the barracks indulging in a morose fit. The sergeant in charge of the personnel department, sitting on a cot nearby, looked like the proper person to take the brunt of my feeling. He looked over the prospectus.

"Are you really a sculptor?" he asked. "Kind of," I replied, "and if I could get home on my furlough now, instead of next month, I might possibly finish the piece—at least put it into presentable form." The man was chewing gum—and I watched him mulling over the idea. "Wa-all," he said, "maybe I can suggest it to the C.O.—maybe not. Appears to me that you got a legitimate reason for getting a furlough. You aren't pulling my leg, are you?" "Now, I ain't pulling your leg! Now, get the hell back to your bunk."

The furlough was granted. "The next day, after I was on board a train heading north [from Florida, where his ordnance company is stationed], and bewildered at the amazing circumstances that develop in the Army, I learned that my C.O., Lieutenant Scott, came from Gettysburg. Indeed his grandfather was named after the Great Emancipator and he himself carries the name Robert Lincoln Scott!"

But Newsweek erred. Loeb's commanding officer (C.O.) is Robert Lincoln Scott. His father's name is William Lincoln Scott and his grandfather's name is George Washington Scott. Washington was a greater name than Lincoln when the latter was born.

Lieutenant Robert Lincoln Scott's parents reside on a farm along Marsh creek near the Water company pumping station. He was and still is an ardent aviation fan . . . has a pilot's license. He enlisted in the Gettysburg unit of the Pennsylvania National Guard and was mustered into active service before Pearl Harbor. He served with Company E through its many maneuvers in the south, tried to get a transfer to the Air Corps, but was refused. He kept plugging away at Army service, rose to the rank of sergeant and then was selected as officer material. He was commissioned a lieutenant at the Fort Francis E. Warren school, Wyoming, and is now on duty in the south. "Bob" loves the Army and will give his best on every assignment. . . . but he still loves the Air Corps and would like to be a combat pilot.

# DEGAULLE MAY MEET GIRAUD

London, March 17 (AP)—The French National committee announced today that Gen. Charles De Gaulle was expected to leave shortly for Algiers to confer with Gen. Henri Giraud on cementing a union of all Frenchmen who are fighting the Axis.

Giraud, French high commissioner of North Africa, called for such a conference in his speech Sunday repudiating the Vichy-German armistice and repealing Vichy's oppressive laws.

The committee of the fighting French met yesterday and the announcement was their answer to Giraud's appeal.

De Gaulle's headquarters received with unqualified satisfaction news of the resignation of Gen. Jean Marie Bergeter, former Vichy air minister and Giraud's deputy for civil affairs.

He was one of four supporters of the late Admiral Jean Darlan to whose presence in North African positions the fighting French objected.

# PROMOTED TO CORPORAL

Robert A. Smith, son of Mr. and Mrs. E. J. Smith, has recently been promoted to the grade of Corporal in the army air corps. Cpl. Smith is stationed at the army air field, Walla Walla, Washington. He has previously been located at Salt Lake City, Utah and Brookings, South Dakota.

# Local Fishermen Report Early Catch

Adams county's fishermen are already boasting of the suckers caught in the county streams. County Treasurer John W. Brehm reported today. Of the 250 Waltonians who have purchased licenses quite a number have come back to tell him fishing is excellent, the treasurer said.

Last year there were nearly 2,000 licenses sold with the rush to secure the permits beginning early in April, in preparation for the opening date of the trout season, April 15.

All of Adams county's streams have been stocked with most of them being stocked twice this winter, it was stated. The Adams county Fish and Game association will complete the stocking Thursday when fish will be placed in Carbaugh's run, Little and Big Marsh creek, Middle creek and Tom's creek, it was announced.

# Lewis Charges Plot In New Social Plan

New York, March 17 (AP)—John L. Lewis charges that the National Resources Planning Board's recommended expansion of the Social Security program was released to coincide with the United Mine Workers' wage raise proposals.

The UMW chief, who has warned Appalachian bituminous operators that if the demands of 450,000 miners were not met by March 31 they would stop work, declared in an editorial written for the United Mine Workers Journal, official union organ, and released for publication "Tuesday night:

"American working men are smart enough to know that they must produce the products, goods and services upon which profits and taxes must be had and levied to pay the cost of any social utopia, regardless of the political theory or management underlying and controlling its operation."

Representatives of both the union and the operators met in separate executive sessions Tuesday to discuss terms of the new contract beginning April 1. There was no announcement of what, if any, progress had been made by recess time.

# NAVY WORKMAN KILLED BY WIFE

Philadelphia, March 17 (AP)—A 52-year-old Navy Yard worker was stabbed to death in his home last night and his wife was summoned for a hearing before a police magistrate today on a charge of homicide.

Detectives Thomas Lennon said the victim, Thomas Murray, was stabbed through the heart with a six-inch paring knife in a room in which is wife, Catherine, 48, an elevator operator in Dobkins Vocational school, had been paring potatoes for supper.

He quoted Mrs. Murray as saying that he entered the room shouting, "I've got no one to blame for my drinking but myself."

She disregarded him and as he approached her, Mrs. Murray, cringing, put her arm to ward off an expected blow, Lennon said on the basis of interviews with her and a neighbor, Mrs. Mabel McLaverty, who was in the room.

Murray then charged, he related, and ran into the point of the knife.

under the hoops and held the usually high-scoring DeGatis to seven tallies.

Excellent guarding by both teams kept the scoring to a minimum throughout.

### Wickerham Lands Two

Hazleton blew four straight chances from the foul line to open the game. Chirice missed two free throws about a minute after play opened and a few seconds later Smith also failed on two charity tosses. After about four minutes of bitter playing DeGatis slipped away for a "peep" shot. Wickerham quickly tied the score with a long side toss. Boehner missed a foul but came right back to send the Maroons ahead when he converted two more. Moran looped a one-hander from the side with about two minutes of play remaining in the period. Shortly before the quarter ended Wickerham connected on a one-handed toss to give Gettysburg a 6-4 advantage at the close of the round.

Hazleton forged into the lead early in the second period but this margin was quickly erased. Chirice opened with a foul conversion and Moran dribbled under the hoop for a lay-up. Boehner whipped in a one-handed stab but missed the free toss as he was fouled. March drew a foul try and converted and then cut loose with a toss from mid-court which found its mark to send the Maroons out in front 11-7. Meinhold blew a foul throw and then DeGatis got away for another "peep" to make the score 11-9 with three and a half minutes of play remaining. Fissel replaced Boehner and Spahr went in for Wickerham. The final minutes of the half were furiously fought without a score. Meinhold and Sachs missed fouls in the closing minutes.

### Hold 4-Point Lead

Opening the third quarter Boehner and Wickerham re-entered the game. Meinhold landed a long shot in the first half minute of play. March put Gettysburg ahead 13-11 with another long toss after three minutes. Boehner leaped into the air to land a goal from the foul line with four and a half minutes gone. Bellizia replaced Meinhold for Hazleton.

DeGatis netted a foul and then looped a long throw from the pocket but Boehner was good for a short goal to keep the Maroons ahead 17-14. Fissel went in for Fair and Spahr for Wickerham. Moran looped a foul and just before the period ended March sank his third goal from midcourt to give Gettysburg a 19-15 advantage going into the final period.

Chirice missed a foul to open the last round. Fair replaced Boehner who had drawn his third foul on the play. Moran netted the second of his two free throws and Fair missed a toss from the charity line. Bellizia brought the Hazleton fans to their feet when he looped a goal and tied the score at 19-19 on a conversion after being fouled on the play. Perpiglio replaced Chirice for the Mountaineers, and Boehner and Wickerham re-entered the game for Gettysburg.

### Foe Takes Lead

Boehner drew a free throw and put the Maroons ahead 20-19 with four minutes remaining. After Moran missed a long shot DeGatis took the ball off the back-board to sink a follow-up as Hazleton went out in front 21-20. Boehner went out on fouls with two and a half minutes remaining and with him went the ball game. McLaughlin took Boehner's place in the lineup. Chirice was awarded a foul toss when the Maroons began crowding their opponents to secure possession of the ball. He missed the foul but recovered the ball off the hoop to land a death-dealing goal.

Coach McGeehan's outfit then began a neat bit of stalling. Finally McLaughlin drew a free throw and promptly converted to make the score 23-21 with less than two minutes remaining. Ogden replaced McLaughlin. Gettysburg tried in vain to get the ball and in their desperate attempts Moran drew a foul and converted to finish the scoring.

Hazleton, District 11 titlists, will

now meet Berwick, District 2 champions, in the Eastern semi-final game on the Rockne Hall floor Saturday evening.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

**New York, March 17 (AP)**—"Irish" Bobby Ruffin and "Irish" Bobby McIntyre are listed to fight the first 20 round bout New Orleans has staged since away back when, tonight. According to St. Patrick's Day tradition, that should be just a warmup for a real fight. . . . Joe Medwick's haircut is the biggest Hirsute sensation the Dodgers have enjoyed since French Bordagaray showed up with a mustache. . . . Little Pete Leswick, who scored 65 points for Port Worth in American association hockey last season, hit the high spot the other night when he made eight goals for the New Westminster, B. C. Spitfires against a Seattle all-star team.

### SPRING BRAINING

Mark Roth, the Yankees' traveling secretary, couldn't report at the Asbury Park training camp because of illness and the Giants' Eddie Brannick, also unwell, is leaving camp today to take two or three weeks' rest. . . . You can't blame it on northern training in either case. . . . The Dodgers started their first practice at exactly noon Monday by running two laps around the West Point field house and at 12:07, the boys say, Joe Medwick was fondling a bat and wondering when he could hit. . . . That field house must be smaller than we thought—or Medwick faster. . . .

### SERVICE TIPS.

Seaman Tiger Joe Marsha, Florida, leading wrestling villain, is teaching his "destroyer" hold to shipmates at the Jacksonville Naval Air Station. He claims they can use it to break Japs' necks. . . . Lieut. Joel Hunt, former Georgia and Wyoming football coach, is the new athletic and special service officer at Gowen Field, Idaho. He isn't figuring on a full athletic program there unless it fits in with conditioning soldiers for combat duty. . . . Martin Chaves, captain of Oregon State's Rose Bowl team, has had to switch to flying transport planes because the terrific score of fighter planes affected his ears.

### Fights Last Night

(By The Associated Press)

Jersey City, N. J.—Charles (Cabe) Lewis, 123, Brooklyn, knocked out Jose Domingo Rojo, 128, Colombia, S. A. (8).

New Bedford, Mass.—Jimmy McLarnin, 129, New Bedford, outpointed Cocky Davis, 132, Worcester (8).

New York—Jackie Cooper, 150, New York, stopped Johnny Morris, 161, Yonkers, N. Y. (8).

Los Angeles—Luther (Sluggo) White, 136, Baltimore, won by a technical knockout over George Morelia, 147, Mexico City (7).

### Herman Besse Gets 1A Classification

Philadelphia, March 17 (AP)—Herman Besse, Philadelphia Athletics' southpaw, notified Connie Mack last night that his draft board has classified him 1-A.

Connie immediately wired him at his home in St. Louis saying he should report at the A's training camp in Wilmington, Del., Monday, despite the reclassification, unless a definite date had been set for his induction.

Besse, who won two games and lost nine last year, is 27 years old and married. He has no children.

Washington-USC game, involving 1,600 miles travel, is just about out of the question.

## 8 SCHOOLS STAY IN PIAA COURT TITLE CONTEST

By HENRY E. LITTLEHALES

Philadelphia, March 17 (AP)—Shure and it's a great day for the Irish.

And it's a great day, too, for a select field of eight schoolboy basketball teams still in the running for the state championship which will be determined finally Saturday, March 27.

Six scholastic aggregations—Ches-ter, Gettysburg, Sayre, Clarks Summit, Bradford and Conemaugh township—fell by the wayside last night to set the stage for four regional semi-final battles this Saturday.

The title lineup as the crack quintets move down the home stretch shapes up thus:

### Regional Honors

East—Lower Merion (District 1) vs. Milton (District 4), probably at the Penn. Palestra; Hazleton (District 11) vs. Berwick (District 2) at Rockne Hall, Allentown.

West—Scott of North Braddock (Section 7) vs. Westinghouse of Pittsburgh (District 8), Pitt stadium; Farrell (District 10) vs. Johnstown (District 6), at Sharon.

The winning teams in each sector will fight it out for regional honors next Tuesday, with the two survivors meeting four days later for the coveted state title, which Lower Merion captured last year for the second straight time.

Lower Merion won its district title last night by eliminating a scrappy Chester club, 40 to 26, while Milton was annexing honors in a 55-52 scoring duel with Sayre.

The Hazleton-Berwick pairing materialized when Gettysburg, Section 3 kinspin, bowed to Hazleton in a 24-21 struggle, and Berwick smothered Clarks Summit, of Section 12, 59-28.

Trailing at the three-quarter mark, 25 to 20, Farrell came to life to upset Bradford's taller aggregation from District 9 at Sharon, 34 to 28.

### Predict Winners

Similarly, Johnstown "got hot" in the last four minutes to run a mere five-point edge all the way to a 42-26 verdict over Conemaugh township, District 5 representative, at Johnstown.

Scott and Westinghouse were idle. Close followers of the annual court classic are predicting Scott and Farrell will clash in the western finals, with Lower Merion tackling Hazleton or Berwick for the eastern laurels. The same experts see in their crystal ball a title finale involving Lower Merion and Scott.

## Eight Teams Enter Invitation Play

Williamsport, Pa., March 17 (AP)—The field for the seventh annual state Catholic high schools basketball tournament was completed today with the selection of St. Mary's high of Wilkes-Barre and St. Joseph's of Williamsport.

Six teams previously entered are North Catholic high, unbeaten 23-game winner of Pittsburgh; St. Mary's, Pa. Central Catholic, Lebanon Catholic high, West Philadelphia Catholic, St. Ann's high of Scranton and Oil City, St. Joseph's two-time tournament champ.

The Wilkes-Barre team clinched the Luzerne county Catholic high school league championship, then won two straight from St. Mary's. Scranton Catholic league titlist in a play-off series.

St. Joseph's, although unable to win consistently during the past season, was chosen to represent Williamsport for the seventh straight season by virtue of its two victories scored over St. Mary's high, a cross-town rival.

Drawings for the tournament will be made Thursday. First round play opens Friday night with all eight teams scheduled to see action.

## U.S. And Schools Train Two Million

Washington, March 17 (AP)—Manpower Chief Paul V. McNutt reported today that government money and the school system had retrained 1,516,043 men and women for war jobs in a six-months period.

Another half million or more now are winding up courses that will equip them for technical jobs on the assembly lines turning out planes, tanks, ships, and other tools of war. Numbers either trained or in training and amounts allocated for states were Pennsylvania, 186,940 and \$7,798,697; South Dakota, 2,692 and \$193,180.

### HELPING THE HANDICAPPED

Washington, March 17 (AP)—A resolution (SJR RES43) designed to provide an opportunity for the nation's physically handicapped citizens to do their bit for the war has been introduced by Senator Davis (R-Pa.). It provides for establishment of a physically-handicapped division in the United States Employment Service.

Cleveland, Ohio, is the largest or market in the world.

## Ex-King Carol At Track Opening

Former King Carol of Rumania, accompanied by Mme. Elena Lupescu, his companion-in-exile, arrives for the opening of Mexico City's new \$2,000,000 race track. Soldiers (left) were on hand for the later arrival of Mexico's President Avila Camacho.

## Training Camp Briefs

Lafayette, Ind., March 17 (AP)—Hank Edwards, 24-year-old outfielder up from Baltimore, was ordered to take his Selective Service physical examination today. Should he pass, the Cleveland Indians would have only four outfield prospects, including Jeff Heath who has rejected two contracts and is holding out in his home at Seattle.

Evansville, Ind. (AP)—The Detroit Tigers, who have no place to work indoors, were kept idle yesterday by weather but Army authorities offered them the use of a field-house at Camp Breckenridge, Kentucky, 23 miles away. Manager Steve O'Neill, however, couldn't take advantage of the offer, lacking transportation facilities for the short jaunt.

Bear Mountain, N. Y. (AP)—Although Manager Leo Durocher of the Brooklyn Dodgers was stiff and sore from two days of workouts he wore a big smile because of the form displayed on the mound by Whitlow Wyatt, veteran pitcher. Wyatt worked out at Hot Springs, Arkansas, for two weeks before coming here.

Muncie, Ind. (AP)—A Pittsburgh Pirate party of 22, including nine players, arrived here early today and took its first workout a few hours later. Catcher Babe Phelps, Outfielder Maurice Van Robays and Pitcher Russ Bauers still are undisposed.

Medford, Mass. (AP)—Al Simmons' boast, broadcast from Hot Springs, Arkansas, that he was down to 200 pounds, has spurred Red Sox Boss Joe Cronin to even greater training efforts. Cronin, who may have to return to the lineup, is far over his best playing weight of 190 pounds.

Lakewood, N. J. (AP)—Eddie Brannick, secretary of the New York Giants and a member of every club training trip since the days of John McGraw, has been ordered to take a three-week vacation by his physician. He left today for an undisclosed vacation spot.

Bloomington, Ind. (AP)—Aches, pains and groans were plentiful today as Bill Miller, the muscle magician, again put the Cincinnati Reds through a tough workout. Manager Bill McKechnie said he thought the squad would be ready for an intra-camp game Sunday and Warren Giles said he would leave soon on the Reds' annual hunt for a hard hitting outfielder.

Asbury Park, N. J. (AP)—Catcher Rollie Hemmings, a Missouri farmer in the off-season, has informed the New York Yankees that he has found competent help and would head for the training camp on the first available train.

Cairo, Ill. (AP)—Cardinal Owner Sam Breadon returned to St. Louis today to ponder the problem of trying to satisfy two outfielders. Breadon conferred with Harry Walker today but the two couldn't reach a compromise over a difference of \$500. Walker returned to his Alabama home. Stan Musial, the second dissatisfied flycatcher, still is at his Donora, Pa., home.

Cape Girardeau, Mo. (AP)—With major league catchers a scarce commodity, Luke Sewell today pulled his belt a bit tighter and started a campaign to get in shape for possible play. Although manager of the St. Louis Browns, Sewell also is listed as a player.

## SQUIRES MAKE FAST FINISH TO WIN EASILY

"Jake" Dracha's scrappy Delone Catholic high quintet pulled a big surprise Tuesday night by defeating a highly-regarded St. Mary's Catholic high team of Wilkes-Barre in easy style at McSherrystown 32-22 before a capacity crowd.

In defeating St. Mary's, Scranton diocese champions, Delone as the Harrisburg diocese titlists, now faces Roman Catholic high, of Philadelphia, on the McSherrystown floor Friday evening at 8:30 o'clock.

Friday's game is the Eastern final in the playoff for the Catholic high school championship of Pennsylvania. Roman Catholic is champion of the Philadelphia diocese. The winner of the coming game will meet the Western finalist next week for the state title.

Delone jumped into a 9-1 lead early in the game, lost its margin in the second quarter but roared back in the final half to win handily.

After gaining a 9-3 advantage in the first half, Delone was held to three points in the second period when the floor became slippery and treacherous through "sweating." Brown's long goal tossing in the period enabled the Wilkes-Barre tribe to gain a 14-12 advantage at half time.

Delone quickly took the lead in the second half when Sonny McKim and Winky Miller began to get the range of the hoop. The Squires went ahead 18-14 in the third period and early in the last round were out in front 24-14. W. Miller and J. Overbaugh paced the victors in the final quarter.

John Sterner turned in a fine job in halting Mulvey, leading scorer for St. Mary's, with but three tallies. Jerry Overbaugh was just as effective in holding the lanky McLaughlin to six tallies while pumping through nine tallies for McSherrystown.

Coach Dracha used his reserves for a large part of the final quarter.

## Senesky Turns Pro, Signs With SPHAS

Philadelphia, March 17 (AP)—George Senesky, St. Joseph's college basketball star, has turned pro.

The blonde ace, who set a national collegiate scoring record of 515 points this season, signed with Eddie Gottlieb's Sphas yesterday and will make his debut against the New York Jewels here Saturday night. Billy Ferguson, St. Joseph's coach, and other college authorities approved. Senesky is waiting a call to military service.

## GOLDEN GLOVES ENTER GARDEN

New York, March 17 (AP)—The Golden Gloves Eastern championships move out of the wilds of Brooklyn and into Madison Square Garden tonight for the finals.

Philadelphia's fancy fliers, pulling a stunt that had never been done before, clinched the team title last night in the semi-finals by advancing six men to the finals. Second place New York had three survivors, followed by Washington, Newark and Puerto Rico with two each and Charlotte, North Carolina, with one.

Best of the Quaker City sluggers was featherweight Jackie Floyd, a 19-year-old tailor's helper who was generally regarded as the best looking fighter in the tournament after he flattened Dick Mullen of Washington last night in a minute and 10 seconds.

But the one who drew the loudest roars from the crowd of 4,015 was Sergeant Alf Labreque, a resident of Holyoke, Massachusetts, now stationed at Indiantown Gap, Pa., after being flogged himself three times in the first round he came out to knock out Ed Ransom of Newark in the third heat of a punch-party that saw ten knockdowns scored.

## Prizefighter Guilty Of Attack On Blond

Paterson, N. J., March 17 (AP)—A jury of five women and seven men last night convicted Edward (Pat) Comiskey, Paterson heavyweight prizefighter, of criminally assaulting Miss Ida de Vries, a blonde divorcee from Hawthorne.

The jury deliberated five hours and 21 minutes before returning its verdict to Passaic county Judge S. Robert H. Davidson, who set sentencing for Friday. The maximum penalty under New Jersey law is 30 years imprisonment or a \$5,000 fine, or both.

### MERRIAM RESIGNS

Philadelphia, March 17 (AP)—William S. Merriam, for 16 years head swimming coach at the University of Pennsylvania, resigned yesterday to enter private business with his son, Jack, former Penn swimming star and water polo player. No successor has been named. Penn's swimming season ended last Saturday.

## TRADE WINDS FAN PHILS AT TRAINING CAMP

By TED MEIER

Hershey, Pa., March 17 (AP)—Trade winds blew about the Phillies today as the National leaguers started their third day of spring training with youthful owner Bill Cox arrived late last night from on the ground with his hirelings.

Cox arrived late last night from New York and admitted trade conversations are going on with the New York Giants, Pittsburgh Pirates and a third club, the identity of which he declined to disclose at this time.

"We still have a few players the other teams are interested in," smiled the 33-year-old magnate who purchased the club after Gerry Nugent sold out to the league.

Trading Material Manager Bucky Harris, although keeping mum, like Cox, on what players are under discussion, asserted "the heat is on," an indication a deal may be completed at any minute.

For trading purposes the Phils have first baseman Babe Dahlgren, recently obtained from Brooklyn, and expected to report tomorrow outfielder Danny Litwiler, and infielder Danny Murtaugh, a fast man on the bases. In addition there is a chance the Phils will get Nick Etten back from the Yankees. In that event Etten, too, could be regarded as trading material.

## Penn Schedules 8 Diamond Contests

Philadelphia, March 17 (AP)—Although many major colleges are dropping or de-emphasizing baseball, the University of Pennsylvania announced today it will play a complete schedule this season with opponents including Villanova, Temple, Drexel, West Chester Teachers, PMC, and, tentatively, Army and Navy.

The withdrawal of Yale and Harvard from Eastern Intercollegiate league competition necessitated a complete reshuffling of the schedule, said silver-haired Dr. Walter Cariss, beginning his 23rd year as coach.

### TAX DEFERMENTS

Erie, Pa., March 17 (AP)—City Treasurer C. Francis Hagerty announced the city will grant tax deferments to families in financial distress because a member of the family has joined the armed forces.

Tulagi, capital of the Solomons, and now a Japanese base, is an island without roads.

# "Tune It Up"-to-Date!

## FIT YOUR CAR FOR TODAY'S DIFFERENT TYPE OF DRIVING!

### 1 NO MORE HIGH SPEEDS

For today's "35-and-under" driving, your car's timing, circuit breaker, spark plugs, carburetor, choke and heat controls need special attention or re-adjustment.

### 2 NO MORE HIGH-OCTANE GAS

Adjusting the timing of your engine or, if necessary, grinding the valves and cleaning the carbon will give you better performance on today's type of fuel.

### 3 LESS GASOLINE

A complete engine tune-up, elimination of brake drag and gasoline leakage, and use of proper lubricants will give you greater gas economy.

Have No Tax Money  
Erie, Pa., March 17 (AP)—P. J. Gallagher, Department of Internal Revenue agent, said 200 Erie residents filed income tax returns with notes attached saying they did not have the money to pay the first quarterly instalment.

modity, Luke Sewell today pulled his belt a bit tighter and started a campaign to get in shape for possible play. Although manager of the St. Louis Browns, Sewell also is listed as a player.

### 4 LESS DRIVING

A fully charged battery and properly functioning generator and voltage regulator will check deterioration due to idleness—assure quicker all-weather starting.

### 5 CARS ARE BEING DRIVEN LONGER

Older cars need more frequent front wheel alignment, older tires more frequent attention, older brakes more frequent adjustment—to offset undue wear.

### 6 SLOWER DRIVING—SHORTER TRIPS

Checking the oil every 30 days or 500 miles will safeguard against accumulation of water, rust, acids and sludge, and add to your engine's life.

**THE ETERNAL SPIRIT**

Might will often have its hour,  
Little while of ruling power.  
Might can smash and put to fire  
Wall and roof and temple spire.  
But what's spiritually right  
Soon or late will conquer might.

What is true and what is just  
Live when all man builds is dust.  
Might, with fearful power to blast,  
Falls itself to dust at last,  
But what's spiritually true  
Always will itself renew.

Might is doomed, however strong.  
Never permanent is wrong.  
As the years go winging by  
All who worship power will die;  
Truth will come to life again,  
Cherished in the hearts of men.

When to dust the clay has gone,  
The eternal soul lives on.  
Wall and spire and grime machine  
Fall to dust and force obscene,  
But no power can subdue  
What is spiritually true.

**THIS FOOD**

One of the joys of this life is participation in the success and happiness of others. Also, one of the most inspiring of studies is to know intimately the history and happenings of eventful lives, as shown in biographies and histories—and often from personal contact.

The known struggles of other men and women take hold upon us, make us feel that somehow we can rise also and make of ourselves fit examples in a world of mystery and mis-understanding. Our own lives unconsciously absorb and thereby grow, because of the brave example of others. We enter grave and exciting moments of history, and receive something of the urge that made others rise and achieve!

We are nourished by the actions and events of the past and by those which freshly impress upon us the glory of life.

Every man's struggle is, in a way, our own. It becomes food to us. It quickens the flow of our blood, and clears new paths in our brain for richer thoughts.

From every event in life it is possible for us to gain this nourishment. A great personality is forever giving out.

There is somebody always ahead of us who stirs this imagination of ours and whose very soul reflects the dearest desires of our nature. Were this not so, a great deal of the spontaneity which is aroused in us would never be possible and our lives would be drab affairs indeed. The most optimistic of us often lose courage and hunger for the sympathy and understanding of one braver than we show ourselves to be.

Material food may nourish our frail bodies but all of us must have that spiritual food, lacking which this soul of ours would lose all of its hope of immortality.

For this reason beauty was put into the world, and the desire upon our part for its love and association, made a part of our security.

**BOUNTY FOR OWLS?**

Harrisburg, March 17 (AP)—In case you are troubled with horned owls, take heart—the legislature is considering the problem.

Rep. Lewis Harris (D-Pulton) has introduced a bill requiring the State Game Commission to pay \$4 bounty on each and every horned owl destroyed in the commonwealth.

**TWENTY-FIVE YEARS AGO**

**Start Work:** Ground has been broken for the new \$60,000 apple storage plant at the west end of town. The contractors will use all efforts to hurry up the construction.

**Americans Decorated:** (By Cable) With the American Armies in France, March 15—Colonel Douglas MacArthur and Captain Thomas Handy with eight American enlisted men have been decorated with the French war cross for gallantry in action.

**Teddy's Son Honored:** (By Cable) Paris, March 13—Captain Archie Roosevelt has been decorated with the French war cross for gallantry in action. The presentation by a French officer was exceedingly dramatic.

**Will Ring Bell at Court House:** Curfew rang on Tuesday night. In the morning Burgess Eicholtz secured the consent of the county commissioners to allow the Court House bell to be used every evening for the purpose and the duty has been added to the list of tasks assigned to members of the police force.

Every evening, as the town clock finishes striking the hour of nine, the bell will be rung and continue for a sufficient time to give due warning. As Mr. Eicholtz expressed it, "The law will be enforced to the letter."

Girls under 18 and boys under 16 are the ones concerned in the measure.

**Baker to Front:** Paris, March 11—Secretary Baker will visit President Poincare and Premier Clemenceau and then visit the American troops at the front.

**Planes by July:** Washington, Mar. 16—American built battleplanes will be in France by July in sufficient quantity to insure adequate air protection of the sectors then held by American troops. The statement was made with full recognition of all failures and disappointments that have hampered the development of the air program.

**Gehring Was in Rainbow Division:** William F. Gehring, of New Oxford, the first Adams county boy to be killed in action in France was with the Rainbow Division at the time he met his death on the field of battle. This division was specially mentioned by the French command for their gallantry in action during their recent fights in one of which Corporal Gehring lost his life. Lieutenant Colonel John L. Hines, a member of General Pershing's staff, now in France, whose home is at White Sulphur Springs, West Virginia, is a first cousin of the young man.

**Had Many Guests:** Mrs. W. A. Granville, Mrs. Frank Lee Graham and Mrs. S. F. Lehman entertained about one hundred guests at a "war tax tea" given in Philo Hall at college, Tuesday afternoon. The sum of \$21.53 was received in this way for the work of the Woman's League of the college.

**To Collect Cards:** The following committee will collect the registration cards which have been placed in the hands of Gettysburg women through the various churches and organizations of the town:

Mrs. L. M. Creager, Mrs. William A. Miller, Mrs. Harry Sanders, Mrs. Paul Cessna, Miss Mary Ramer, Miss Carrie Codori, Miss Hess, Miss Margaret McAllister, Miss Laura Spangler, Mrs. Crider, Miss Mary Kohler, Miss Anna Gilliland, Mrs. Doyle R. **EFFORT TO STOP**  
**"BLACK MARKET"**  
**IN SCHOOL BUSES**

Washington, March 17 (AP)—All vehicles carrying nine or more persons in local transportation service—buses, street cars, trolley coaches, trucks converted for passenger use, and ferryboats—today were "frozen" in their present service.

The Office of Defense Transportation described the order as designed to protect the requirements of war workers and school children by preventing the transfer of vehicles from communities where they are needed.

All Federal agencies, including the Army and Navy, are required to file reports on their transportation-carrying equipment. In addition, these agencies are forbidden to buy, lease or requisition such equipment without ODT approval.

**Schools Asked "Freeze"**

An immediate effect of the action, ODT said, will be to stop a "black market" in school buses. School officials asked for the "freeze," reporting that many contract operators already had shifted their buses to other uses.

The order permits an operator to take on additional service, such as using a school bus to transport war workers, so long as he does not discontinue the school service.

Regular transportation companies may shift equipment from one route to another, but cannot shift it to serve routes of another company.

**POST-WAR PLAN**  
**FACES DELAY IN**  
**SENATE BATTLE**

By JACK BELL

Washington, March 17 (AP)—Outspoken opposition by members of the Foreign Relations committee today threatened to delay Senate consideration of a proposal to cement the United Nations into a permanent organization for collaboration on world economic and political problems.

With Senator Clark (D-Mo.) predicting that Senate discussion might go so far afield as to cause a "break up in the war effort," additional silent but powerful sentiment appeared to be developing among committee members to proceed cautiously on a resolution by Senators Hatch (D-N. M.) and Burton (R-Ohio).

The four proposed, reportedly with the tentative approval of President Roosevelt for the broad objectives involved, that the Senate urge this nation to take the lead in organizing the Allies for joint action now on the problems of government, rehabilitation and relief of peoples freed from Axis domination, as well as the post-war settlement of international disputes and the preservation of world peace.

**Might Embarrass Allies**  
Clark told reporters he feared that if this or any similar proposal were brought out to the Senate floor now the resulting explosion would be bound to damage our relations with our war associates.

Senator Nye (D-N. D.), another foreign relations member, said he was skeptical about "undertaking something now that might be embarrassing to our Allies, as it would be embarrassing for them to make the commitments we might demand as to the shape of things to come after the war."

These objections were discounted, however, by the four senators who sponsored the resolution, with Ball observing that there was no intention of obtaining specific commitments now, but only of outlining the broad objectives to be undertaken by the United Nations.

President Roosevelt took the same tack at his press conference yesterday, although he did not comment specifically on the post-war resolution.

**SNATCHED FROM DEATH**

New Albany, Ind. (AP)—Hugh Smith, city street car motorman, became a dog's best friend when a small terrier got his tail tangled in the front axle of Smith's car.

Smith decided that if the car moved in either direction the dog would suffer, so, apologizing to his passengers for the delay, he summoned a wrecking crew.

The crew jacked up the front end of the street car and the terrier, minus the tip of his tail, scampered away.

**VOICE OF AUTHORITY**

Pampa, Tex. (AP)—Technician John S. Czwertniewiez, stationed at the Army Air Field, was worried because his name was so hard to pronounce.

"Soldier, cheer up," said a note from Troy, N. Y.—signed by Miss Annabella Romisderwiczoffwie.

**SURPRISE!**

Oakland, Calif. (AP)—The speaker and 150 guests arrived for the Oakland Advertising club's luncheon.

Dining room doors were locked; there were no waiters and no food.

The caterer, the club discovered, had just been inducted into the Army.

**3-Day Work Week**

Harrisburg, March 17 (AP)—Senate leaders today turned down a House proposal to work four days a week instead of three. Weldon B. Heyburn, Senate Republican leader, said a four-day week was not yet necessary but pointed out that committees already are working on such a schedule.

His comment came after Speaker Ira T. Fiss told House members to come to the capitol next week prepared to stay four days. Fiss explained that no decision has been reached on extending weekly sessions, but declared the House was ready to sit an extra day if the Senate took similar action.

**NAVY PROBES 2**  
**FATAL CRASHES**

Philadelphia, March 17 (AP)—The Navy began a formal investigation today in the crashes of two Navy planes which killed four officers yesterday, one of them Capt. W. W. Webster, 56, manager of the Naval aircraft factory at the Philadelphia Navy yard.

One plane, in which Captain Webster was making a routine flight, crashed and exploded in a cemetery south of Marcus Hook, Pa., on the Pennsylvania-Delaware line. The Fourth Naval District announced, Lieut. J. B. Bennett, 35, of Philadelphia, the pilot, also was killed.

The second crashed later, at 11:30 a. m., on a farm near Newton Square, Pa., owned by Morris H. Dixon, prominent horseman. Killed in this crash were Ensign J. M. Anderson, the pilot, and Aviation Chief Paul Man J. R. Wilcox, both of Philadelphia.

The time of the first accident was not announced.

**Weather Conditions Bad**

The Fourth Naval District said preliminary investigations showed that both wrecks were due to weather conditions which severely handicapped flying.

Captain Webster, a native of Fargo, N. D., was a widely known authority on Naval architecture and airplane design. He was graduated from the Naval academy in 1911 and received his wings in 1934. The Navy assigned him to its only Navy-owned aircraft factory 20 days after Pearl Harbor.

**SAYS GAS LEVY**  
**WAR WORK TAX**

Harrisburg, March 17 (AP)—The elimination of non-essential driving has converted the one-cent-per-gallon gasoline tax into a "direct state tax upon the war effort," R. B. Maxwell, secretary-manager of the Pennsylvania Motor Federation, AAA charged today as he urged the General Assembly to defeat legislation intended to continue the tax for two more years.

Maxwell said "wartime conditions have made the repeal of this tax more necessary than ever. Federal restrictions have eliminated non-essential driving for the duration, with the result that the state tax now levied almost exclusively upon gasoline used for war-essential transportation. This makes it a direct state tax upon the war effort since none of the revenue is used to keep the commonwealth's highways in repair."

**IN THIS REGION**

Pittsburgh, March 17 (AP)—Heavily increasing transportation demands in the Allegheny region are creating an open-top railroad car supply problem. Warren C. Kendall, chairman of the car service division of the Association of American Railroads, said today.

Kendall addressed some 500 representatives at an Allegheny regional advisory board meeting. The board's territory includes Pennsylvania, Ohio, Maryland, Virginia and West Virginia.

He asserted that if a car shortage developed it likely would be in the types "used most commonly in handling the raw materials to the great producing centers in this district."

**Expect Ore Shipments**

He pointed out that because of war conditions, thousands of open-top cars belonging to railroads in the Allegheny region are in service on roads in other parts of the country. These are being ordered to home territory as rapidly as possible.

Factors pointing toward a shortage, Kendall said, include plans to increase the volume of ore brought down from the lakes to a new all-time high, and the six-day work week now observed in coal mines. Edwin C. Jepson of Wheeling, W. Va., general traffic manager of the Wheeling Steel corporation, was elected general chairman of the Allegheny board.

**HELD FOR MURDER**

Oil City, Pa., March 17 (AP)—Henry James Jarzenski, 28, today awaited action of the grand jury on a murder charge against him in the death of Medrie M. Maynard, 42, Pennsylvania railroad car inspector, March 7. Jarzenski was held for the jurors after a hearing before Alderman Homer R. Lane.

**PHILADELPHIA'S**  
**MEAT DWINDLES**

Philadelphia, March 17 (AP)—Philadelphia's meat supplies dwindled again today as the Office of Price Administration disclosed that 56 slaughterers of beef have suspended operations for the rest of the month because they have exceeded their quarterly slaughtering quotas.

Most meat counters had only hamburger for sale. The shortage extended to such articles as frankfurters and scrapple.

A promise of relief came last night when OPA headquarters in Washington authorized regional directors to grant larger quotas in areas where "public health and morale or the war effort is endangered."

Spokesmen for the meat industry said they believed Philadelphia might be classified as such an area, but pointed out that a grant of larger quotas will have to be approved by the regional OPA office in New York.

These spokesmen last week estimated the city's over-all meat supply as "10 to 25 per cent of normal."

## RUMI TAX PLAN BACKERS VOICE NEW CONFIDENCE

Washington, March 17 (AP)—New confidence was voiced by supporters of the Rumi income tax plan today as the House made ready for one of its stormiest tax battles in history.

Republicans tightened their alignment behind the skip-a-year proposal, while Democrats dug in for a final battle behind a tax collection system that provides no abatement, as approved by the House Ways and Means committee.

The committee reported out a bill yesterday, after two months of work, providing a 20 per cent withholding levy against the taxable portions of wages and salaries, effective July 1, and making pay-as-you-go optional for any taxpayer who elects to "double-up" by paying off two year's taxes within one year.

To induce individuals to go on a current (pay-as-you-go) basis, the committee voted a six per cent "bargain" discount on any part of taxes on 1943 income paid before June 15, after 1942 taxes have been paid.

## Predict Week of Debate

Speaker Rayburn said the committee bill probably would be brought into the House next Monday and would be debated for a week. Supporters of the Rumi plan prepared to offer the skip-a-year proposal as a substitute for the committee bill.

The Rumi plan, embraced in a bill by Rep. Carlson (R-Kas) includes a 20 per cent withholding levy similar to that in the committee bill. Both would be effective July 1. The withholding would not be an additional tax but simply a collection device and does not add to the present tax liability.

## PLANES STRAFE JAP TARGETS

New Delhi, March 17 (AP)—American airmen, continuing their attacks on Japanese supply lines, ranged far and wide over Burma during the past 48 hours to bomb railway bridges, highways and truck convoys without the loss of a single plane, a communiqué of the 10th U. S. Air Force announced today.

Among the targets were the great Gokteik viaduct on the Rangon-Lashio railway and the bridge over Pazundaung creek just north of Rangon, both of which were bombed for the second time in three days. The vital Myittha bridge near Mandalay also was attacked, the communiqué said.

"In some cases results were unobserved due to hazy conditions," the bulletin added. "In others were near hits and hits on the approaches. Although some enemy planes were seen, they did not attack."

Formations of U. S. fighters also strafed an enemy truck column 18 miles north of Myittha, one of the bases for Japanese forces operating across the border in China's Yunnan province. Installations at Myittha were the target of another strafing and bombing attack.

## EPICURUS AND PRESIDENT IN COFFEE ACCORD

Washington, March 17 (AP)—President Roosevelt conferred with three New York political figures Tuesday—Mayor Fiorello LaGuardia, former governor Al Smith and Tammany chief Michael J. Kennedy—and a 1936 copy of the translated morals of Epicurus.

Then he came out unequivocally in favor of saving your old coffee grounds.

It would be more honest to say he reasserted his stand, for Mr. Roosevelt has stood pat for some time on his recipe for drying out the slightly used grounds, adding a fresh spoonful and brewing again.

The "Little Flower" on the other hand—until Mrs. LaGuardia reportedly put the kibosh on hubby's coffee chatter—favored wet grounds, but otherwise he went right along with the President.

## Ancient Recipe

Epicurus, a more-or-less fastidious philosopher of former days, got dragged into the picture by LaGuardia who brought the copy of his book to the White House. In longhand, on the back page, was a recipe for "how to use copha"—which the President said meant coffee.

It recommended the marathon method of getting the most out of your old grounds—"boyle it" over each day, adding a quarter of an ounce of "fresh copha" every time you "set it to the fier."

The President said this ancient recipe backed up his method for using old grounds to save coffee in these rationed days.

## BILL TO UNSEAT BEAMISH PASSES

Harrisburg, March 17 (AP)—A bill to remove Democratic Utility Commissioner Richard J. Beamish from office when his term expires, March 31, has been approved by the Senate 28-14 and sent to the House. Beamish's commission provides that he serve until his successor is appointed and qualified.

Governor Martin several weeks ago nominated Dr. Frank Parker, University of Pennsylvania professor, to succeed the commissioner but withdrew the nomination at Parker's request after Senate Democrats challenged the professor's qualifications. Martin has yet to submit another name.

## Heated Objections

The removal bill drew heated Democratic objections with Senator Elmer J. Holland (D-Allegheny) asking if the measure is "an attempt to by-pass the people's representatives and pave the way for an interim appointment."

Gubernatorial appointments made while the Legislature is in session require approval of the Senate before the appointee may take office. Republicans hold a 32-18 majority in the Senate but lack the necessary two-thirds for confirmation.

Replying to Holland, Senator M. Harvey Taylor (R-Dauphin), Republican state chairman, declared: "There's just one thing in this bill. When a term of a public utility commissioner expires, he expires with it. I think that's right."

## Chiropractor Faces Court In Draft Case

Eric, Pa., March 17 (AP)—Walter C. Crawford, described as a Connelville, Pa., chiropractor, was on trial in Federal court here today on a charge of attempting to help selectees evade the draft.

Assistant U. S. Attorney George Mashank said the government would show that Crawford sold pills that would accelerate the heart action so youths would fall to pass their physical examination.

## Chapter 14

"You don't mind, do you, Jim?"

Jim, aware of Don's and O'Shanessey's quick resentment at Landa's announcement, was irritated. This was the second time she had deliberately used him and his boat as a refuge from her fiancé, and he hated being embroiled high-handedly in family battles. Still, he could not resist the entreaty in her dark eyes.

"Come along if you want," he invited casually.

Don's gaze at Landa was one of helpless misery. Jim felt sorry for the man. "Why don't you come along too?" he asked.

For a moment, Don brightened, but quickly relapsed into dull inertia. "Sorry. Too busy today."

Out on the sun-warmed decks of the Sea Bat, the crew greeted Landa with friendly shouts. Even Jim's usual chafing at any delay in the work was forgotten today. While two of the crew took the broken piston ashore to be welded, he and Cass Wilson helped Landa into one of the diving suits. Cass Wilson donned the other and, carrying the paint-treated board, easel and crayons, was lowered into the water beside the boat.

Landa had a moment of fright standing on deck in the heavy diving suit. As Jim lifted the helmet over her head, she took a last glance down at her clanking boots, the bronze breastplate like medieval armor across the canvas suit. Her eyes lifted to Jim's face in a flash of terror.

He grinned. "You don't have to go if you're scared."

His amusement reassured her. She smiled. "Who says I'm scared? Put down that helmet!"

And then she was over the boat's side, drifting down through a blue-green void, with flat, stale air to breathe and the faint tunk-tunk sound of the compressor motor in her ears. Blue grey fish, speckled, striped, flat, flat drifted past her face plate. And, as she felt the bottom of the strait beneath her feet dark rocks and towering kelp jutted from patches of white sandy ocean floor, that rippled with greenish silver light and deep shadows. It was another world.

Cass Wilson, a weird, cumbersome giant in his diving suit, approached her carefully so as not to entangle her air lines, and set up her easel. Fascinated and absorbed, she began to work, struggling to capture on the board easel the enchantment of this underworld kingdom, the eerie beauty of its strange colorings.

When Jim told her through the phone she'd been down long enough, she waited. "Just a few minutes! I've really got something. I think!"

Once up on the deck of the Sea Bat again, she climbed out of her diving suit to hang over the boat's edge impatiently while Cass Wilson brought up the board easel. "Those colors down there!" she cried to Jim. "And coloring always was my strong point in painting."

She reached for the board as Jim and Fuzzy helped Cass onto the

deck—took one horrified look at it.

It was a scene to shudder at. The silvery-green light and shadows of the drawing were now clashing reds, purples, yellows!

"I can see, crawled Jim. "That color's yours strong point." But he patted her shoulder consoling as her face clouded with disappointment. "Never mind. I can also see by your expression that you're not color blind. It must be colors look different below the surface of the water."

Cass was scratching his bald head. "I remember now," he said. "The guy in the art shop warned me about that."

Slowly Landa's puckering face cleared with a laugh. "A fine time to tell me!" she jeered.

She found suddenly she was faint with fatigue. She stretched out on the warm deck and Cass brought her hot coffee and sandwiches. Jim Blair sat nearby, smoking.

He didn't look at her, his eyes were creased against the sun as he scanned the sea in the direction of the mainland for the returning dinghy. Landa had a sudden intense longing to talk out her problems. Maybe, once looked at in the sunlight, they would dissolve before they settled down on her spirit again. She said in a small, steady voice:

"Jim, do you think I'm being childish and stubborn about the letter—and about postponing our wedding?"

Jim turned back. "I haven't passed judgment," he said. "Why should I?" He was slightly impatient, and she protested quickly.

"I'm not asking you to take sides. I'm not even sure I'm right. I only want you to listen and tell me what evil spirit, as Maria would say, has crept into my heart. You're the only one I can talk to."

Jim crushed out his cigarette, giving the process his full attention. Then he looked up at her and smiled. "Shoot."

Slowly, choosing her words with care, she began to talk of her childhood of her father—quiet, detached but affectionate—of O'Shanessey, the dominating, splendid Uncle always riding, hunting or playing whist with her father—except when he was talking to Don and her of their future.

"It was Uncle Mike who always told me my life was here," she murmured. "And my father who sent me away to school. I remember the day I left, he asked me in a strange, faltering voice if I had been happy here. I was shocked. I had never thought of being anything else. But now that I am back, I don't know what's the matter with me. I love the island, as father loved it. It's peaceful, and beautiful, and it's home. And I love Uncle Mike. But I feel hateful and mean when he talks of the wedding, and I argue with him about business."

Jim Blair's gaze was fixed thoughtfully on her eyes. "It's not so strange or horrible," he told her steadily. "It's as natural as growth. When you went away, you were a

## PREDICT REPEAL OF MILK RULE

Harrisburg, March 17 (AP)—Senate and House leaders today predicted favorable action on a proposal to wipe out the requirement that Pennsylvania relief families buy a pint of milk daily for each child.

Bills to eliminate the four-year-old order have been introduced in both Houses and referred to welfare committees, whose chairmen said they were waiting a similar bill backed by the Department of Public Assistance.

## "Outlined Usefulness"

"The milk order was a good act but it appears to have outlived its usefulness," declared Rep. John E. Van Allsburg, chairman of the House welfare committee. "I predict the department's bill will pass."

Senator Frederick L. Homsher, acting chairman of the Senate Welfare committee, said his group had not discussed the proposal but "sentiment seems to be in favor of doing away with the order."

The state Board of Assistance has urged repeal, saying "this act has proved to be both costly and unsound."

child, accustomed to obey without question the dictates of Uncle Mike. When you returned, you had grown up. You learned self reliance in the States. It's a bit of an adjustment to fit yourself again into Uncle Mike's pattern for your life."

"But you think I should?" Her voice was a strained whisper.

Blair shrugged. "I think O'Shanessey is a stubborn, but a glorious old pirate," he said, "and Don's been a bit held down but he's a prince of a guy and he'd always love you, so—"

Landa was smiling as he turned to her, and her lips mischievously whispered the end of his sentence with him. "... suit yourself."

## URGE UNIFORM TEACHERS' PAY THROUGH STATE

Harrisburg, March 17 (AP)—A long-range program to standardize the state school system through uniform minimum salaries and an equalization fund to provide more help for needy districts is before the general assembly.

The proposal was made in a bill presented in the House by Reps. D. Raymond Sollenberger (R-Blair), chairman of the House Education committee, and Paul L. Wagner (R-Schuylkill).

Sollenberger estimated the cost of setting up a commonwealth equalization fund would be around \$25,000 annually and said his bill would set minimum salaries for teachers and school officials, provide more aid for needy districts without increasing real estate taxes and set certain limits on taxation.

The Senate at the same time received a bill from Senator John M. Walker (R-Allegheny), which would ban electors from voting a straight party ticket with one mark.

### Remove Ban on Politics

Other bills would:  
Create a joint legislative commission to study the problem of juvenile delinquency and make recommendations to the 1945 legislature—Lloyd H. Wood and Charles H. Brunner (R-Montgomery).

Appropriate \$8,500,000 to second class townships from the motor fund for road construction and maintenance—Herbert G. Gates and W. S. Helm (R-Armstrong).

Remove the ban on political activities by police in boroughs, incorporated towns and townships of the first class—Senator John F. Cox (D-Allegheny).

Permit counties with fewer than 500 teachers to name part-time supervisors of special education—Senator Thomas B. Wilson (R-McKean).

### HERCULES SALES RISE

Wilmington, Del., March 17 (AP)—The Hercules Powder company's retail sales for the first quarter of 1943 will be about 10 per cent greater than those of the corresponding quarter last year. President Charles A. Higgins said after a stockholders' annual meeting yesterday. All directors were reelected.

## Where 178 Died In London Subway Crush

Workmen instal hand railings in the entrance to the London subway-shelter where 178 persons were killed and 60 injured in a pileup of men, women and children during a Nazi air raid. The catastrophe occurred when a woman with a baby tripped and fell, causing other persons to fall and creating a fatal bottleneck at the landing. (Picture by radio from London.)

## LOYAL ALVAH KEEPS "PACT"

Reading, Pa., March 17 (AP)—Shure and when the banshees wail in a graveyard high on lonely Never-sink mountain this midnight, 77-year old Alvah Schaeffer will be there again to keep his 47th St. Patrick's Day tryst with the spirit of a laughing Irishman.

And shure a cornet quartet again will play "Lass O' Galway" and "Nearer My God to Thee" as the old man stands silent in his meditation.

Nearly half a century ago Schaeffer, then a church musician, and Tom Hannahoe, prop. of the Stars and Stripes saloon, made a strange pact. Said Hannahoe, his eyes sparkling:

"If I die first, you play the tunes over my grave on St. Patrick's midnight. But if you die I'll keep the grass forever green over your grave and put a shamrock there every year."

Hannahoe died a short time later, and Schaeffer has never broken the agreement.

Tonight, he said, there will be not one but four Alvah Schaeffers on Never-sink mountain — his son, grandson and great-grandson as well as himself.

Schaeffer is to old now to play the cornet himself, but a quartet of friends will do it for him. And thousands of curious again will line the edges of the cemetery, waiting and listening, at respectful distance.

### SIX-HOUR STRIKE ENDS

Pittsburgh, March 17 (AP)—A six-hour strike of workmen at the Pittsburgh plant of the Armstrong Cork Co. ended Tuesday night after a conference between federal Conciliator P. H. Heenan and officers of Local 1, CIO United Cork Workers of America.

International control of Tangier, opposite Gibraltar, was established by treaty in 1911.

### WAKE UP YOUR LIVER BILE

Without Calomel—And You'll Jump Out of Bed in the Morning Rain' to Go

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills. 10¢ and 25¢.

Save time, gas and upkeep
